

Create a new content sub-page

To create a new content sub-page in your eShop 4.0 website, follow the below.

1. Hover over website.
2. Select Content.

3. Click on the **+** symbol.

4. Click **Add page**.

5. Click the downward pointing arrow to bring up the list of your **current** pages.

6. From the list, select the page you wish to make this page fall under. For example, below, 'About Us' is chosen.
